

## **IPTE-1100**

General Purpose, 5 VDC Output Pressure Transducer

- 5 VDC Output
- Rugged All Welded Construction
- High Overload Capabilities
- Excellent Long Term Stability
- Intrinsically Safe Applications Available

The ingenious application of modern solid state technology to transducer sensing makes the IPT-1100 S

Similar in design to the unamplified IPT-1100 Series, the IPTE-1100 is a 5 volt unit containing a hybrid n
