

KMPS-1-64

Pressure Scanner

- High Accuracy Digital Compensation
- Multiplexed Analog Output
- High Speed Digital Output (RS-485 OR Ethernet)
- No Heating or Cooling Needed
- Wide Temperature Range (-65°F to +255°F)
- Auto Zero
- Integral Purge
- IEEE-1588 Timing
- PATENT PENDING

The KMPS-1-64 is a 64 position pressure scanner with both high accuracy digital and analog outputs. TI

The KMPS-1-64 has a trigger input for low latency triggered acquisition. Due to the wide temperature ca
