## **HKL-375 CO**

Miniature High Pressure Pressure Transducer

- Excellent Stability
- All Welded Construction
- Robust Construction
- High Natural Frequencies
- 3/8-24 UNJF or M10 X 1 Thread
- Patented Leadless Technology VIS®

The HKL-375 CO is a miniature threaded pressure transducer. The hexagonal head and o-ring seal makes

The HKL-375 CO utilizes Kulite's Patented Leadless Technology. A solid state piezoresistive sensing ele

This advanced construction results in a highly stable, reliable and rugged instrument with all the advanta
