

XTEL-140

Subminiature High Temperature Pressure Transducer

- Easy Installation
- Patented Leadless Technology
- Smallest Threaded Device Available
- High Natural Frequency
- High Temperature Up To 525°F
- 6-32 UNF Thread

The XTEL Series utilizes Kulite's patented leadless technology to obtain extremely high natural frequency

This transducer is well suited for both dynamic and static pressure measurements in benign or harsh en

Its wide operating range (-65°F to +525°F) makes it ideal for numerous applications in Aerospace and c
