Detaylı Bilgi İçin Ürün Resmine veya Başlığına Tıklayınız

Model **GM77**

Teknik Detaylar DC Voltage Measuring Amplifier for Strain Gauge Sensors,
Mains-Independent,
a 4½ Digit LCD-Display, Calibration Control Switch, Maximum Value Memory

Model **GM80**

Teknik Detaylar Measuring Amplifier with Data Logger for up to 3000 Measured Values
for Active and Passive Sensors, RS 232- Interface, 10 Sensor Parameter Sets, Fast
Measurement of up to 1000/s, Mains-Independent.

Sensor Specific Parameters in Interface Connector. Signals.
